

REMARKS

The Office Action objects to the application under 37 CFR 1.172(a) as allegedly lacking the written consent of all assignees owning an undivided interest in the patent. The Office Action additionally alleges that the reissue oath/declaration filed with the application is defective. Claims 1-58 are rejected as being based upon a defective reissue declaration under 35 U.S.C. § 251. The Office Action further sets forth a requirement for the Applicant to provide the Office with information pertaining to the status/resolution of litigation involving U.S. Pat. No. 5,943,676.

Note on the Status of the Claims

Applicant notes that the Office regards Claims 1-58 as pending, when Claims 1-49, 51-55, and 57-58 should be pending. As noted by the Applicant's undersigned representative in a conversation with the Examiner on February 7, 2011, the Office appears to have misplaced the Supplemental Amendment filed and received by the Patent Office on July 26, 2002, in which Claims 50 and 56 were canceled and Claims 7, 30, 35, 40, 42, and 46 were amended. Accordingly, the amendments filed on July 26, 2002 were not considered by the Examiner, as the Examiner did not have access to the Supplemental Amendment. In view of the conversation with the Examiner, Applicant resubmitted the Supplemental Amendment of July 26, 2002 for consideration by the Office on February 15, 2011. As such, Applicant respectfully requests that in considering this response, enter and consider the amendments made in the Supplemental Amendment of July 26, 2002.

The Objection under 37 CFR 1.172(a) is Overcome

Applicant has submitted a fully compliant Consent of Assignee Intellisync Corporation concurrent with this response. Accordingly, Applicant respectfully submits that the objection under 37 CFR 1.172(a) is overcome.

The Reissue Oath/Declaration

Appl. No.: 09/939,526
Amdt. dated February 24, 2011
Reply to Office Action of September 24, 2010

Applicant has submitted, concurrent with this response, a new Reissue Declaration executed by Inventor David J. Boothby, which addresses the alleged defects noted in Section 9 of the Office Action. As such, Applicant respectfully submits that all defects alleged with respect to the originally filed Reissue Declaration have been overcome. Applicant further respectfully submits that because the new Reissue Declaration is non-defective, the rejection of the pending claims for being based upon a defective reissue declaration is overcome.
